

As part of the artists-in-residence program at the [Centrum Sztuki Współczesnej](#) (aka the Center for Contemporary Art) in

[Ujazdowski Castle](#)

, The ECC participated in the

Open Studios/Studio Otwarte

event on November 28, 2010. We conducted interviews with other artists working here in a myriad of different mediums from

sound

to

film

to

dance,

and also interviewed the staff of the AIR program.

And then we remixed them.

And then created a radio station to play them.

The result was the **ECC RadioLab**, a 3-hour experiment in radio and remixing heard on **30+ radios**

throughout the event space and on

3 internet radio stations.

Eleven short remixes totaling 24+ minutes interspersed ECC music both prerecorded and live, as well as live commentary about the event. The eleven segments can be heard below, as well as a 24-minute excerpt of the live broadcast, and even the whole 3-hour broadcast in its entirety. The segments and excerpt recording were also played on the December 2nd, 2010 episode of

[The Sound Of Plaid](#)
