

This week on The Sound Of Plaid we're proud to have [Ocean Ghosts](#) as our special guests! The mighty party duo of [Scotty Boombox](#) and [Thrusty Rhodes](#) have cranked out 4 full albums since their 2005 inception. Their music should be familiar to you Plaidinistas, with unforgettable party jams like **"Stay Away From Gangs And Drugs"** (*"...unless you like / gangs and drugs!"*) rapped over a disturbingly catchy Rod Stewart riff. Brilliant, brazen, silly, and stylin'. Or as their own formula puts it:

fringe art +  
dadaistic realism +  
manic depression set to a dope beat =
