

This Week's Special Guest: JAMES DAVIS (Local Autonomy)

Sunday, 10 February 2013 16:54

On this week's episode of The Sound Of Plaid we're joined once again by special guest **JAMES DAVIS**,

author of the blog

[Local Autonomy](#)

. Local Autonomy has aggressively and admirably documented the **local electronic music scene**,

current and historical, through numerous interviews and music reviews. His

[first appearance last November](#)

was such a blast that we just had to have him back for more of his discoveries and knowledge and just plain good jams. Prepare yourself for a

great tour of our local scene

with all the best tunes James can fill two hours with!

P.S.: Just did the episode; what great discussions!! We couldn't stop talking... too many great topics to discuss at length, from obscure recording formats to the physicality of music. Lots of great 'n' heady discussions in this episode!
