

([Archive](#) of this show now available)

On this week's Sound Of Plaid internet radio we are proud to present our very special guest [Moldover](#)!

If music is your life, brace yourself because **Moldover is about to destroy your world.** In a desert of detached laptop DJs, a singular thunderclap echos across the landscape cuing a torrential onslaught of instrumental innovation and a seismic tsunami of live musicianship.

Worshiped by

700,000

YouTube viewers as

"The Godfather of Controllerism";

and revered by musicians, producers, artists, engineers, hackers and music fans world-wide, Moldover is "literally throwing away the rule book and reinventing the wheel" (Remix Magazine). But this is no natural phenomenon.

Every aspect of Moldover's perfect storm has been meticulously constructed from scratch.

I mean, just LOOK at that device he's holding... that's his [Mojo](#) , and he'll serenade you with it on our program. Tune in!
