

Interesting show this weekend with a low-key off-beat ECC set plus great locals like Kevin Kennedy, Mike Textbeak, Jeff Chenault, and many others at BLUR at 400 W Rich St Saturday, a full show of Columbus electronic music! Great lineup put together by a great guy: James Davis of the [Local Autonomy](#) blog/site (who also just guested on my radio show!) ECC plays early, 5:30-6:30.
