Back in the 90's ECC spin-off **The Weird Love Makers** participated in a few of these events. Now, after more than a decade off, it's **back in a BIG way** -- with many other bands creating custom-made performances to celebrate **Enoch Light's legacy in lounge,** plus go-go dancers, live VJing, video installations, and more! The ECC will not only bring an Enoch-friendly **Wheel Of Mashup** to the show but also **custom-made Kinect-based video installations** where YOU get to be the dots in album covers like the ones above.

**This is a rare ECC live gig not to mention a one-of-a-kind show all around! DON'T MISS IT!**

A phantasmagoric dance party/revue of sight/sound/live performance, celebrating the 8/18/1905 Canton, Ohio birth of Enoch Light, the legendary Project3/Command Records kingpin!

By semi-popular demand, the 1990s phenomenon known as the ENOCH LIGHT BIRTHDAY MEMORIAL GO-GO HAPPENING returns to NE Ohio...ludicrously larger than all of the previous events combined.

Yes, this is actually HAPPENING on the Beachland Ballroom main stage:

- New live analogue/modular synth arrangements of Dick Hyman's electronic compositions, provocatively played by JON SONNENBERG AND THE HYMAN LEAGUE!
- Live vocal group performances atop iconic instrumental Project3/ Command recordings, sophisticatedly sung by THE FOUR CHANNELS!
- Enochian mashups and musical media mayhem maniacally manipulated by TRADEMARK G AND THE EVOLUTION CONTROL COMMITTEE!
- Groovy moves, daringly danced by AVA ADORE, DOT KING, AND TALLULAH MOONSHINE!
- Puppets and perplexities, pertinently performed by ZACHARIAH DURR!
- Jockeyed high-fidelity discs and mod visual atmospherics, enigmatically emanated by VJ VENDETTA, JEFF CHENAULT, AND TOTHAR!
- ...AND MORE! Let the Light turn you on!
