

A little behind in posting these archives so here's MP3 x 3 in one go:

2009.12.29: PARTY. To prep everyone for the upcoming New Year's Eve celebrations, we play party music of various stripes: Fight For Your Right To Party, Party For Your Right To Fight, Stringfinger, Mike Ladd, plus mashups from The ECC's [Ritalin Ruckus](#) . We also celebrate the 10th birthday of Party Like It's Only \$19.99, an ECC-curated compilation album released at the very end of 1999. Listen below or [download](#) for later:

2010.01.05: TIKI. This was the day before TradeMark and Frilly would appear on a tiki-themed UbRadio Salon, so we figured we'd warm up with some classic tiki music like Martin Denny, Arthur Lyman, Disney's Enchanted Tiki Room, new exotica from the Two Zombies Later compilation, and even dig out some early silly hiphop with Son Of Bazerk and MC 900 Foot Jesus. 2010.01.12: BACHELOR. Frilly was under the weather, so TradeMark makes The Sound Of Dude: various cuts he likes a lot more than Frilly does: Shizuo, Creamy 'Lectric Santa, Pac-Man picture disc LP, Cabaret Voltaire, Sun Ra, Myron Fagan's rant about The Illuminati, and Severed Heads.
