

Cripes-o-blimey, was that a funky one...

The renegade Funketeer [Marquis DuQue](#) (aka Aeion Solar) challenged us to **Funk Or Walk**, and we chose the former: A menagerie with **The Funky Penguin, The Funky Bird**, and other funky fauna and flora, largely of the George Clinton phylum (Funkadelic, Parliament, etc.). The Marquis closed the show treating us to three of his own tracks; great stuff considering he has yet to release anything officially. We'll be anxious to listen when he does.
