

The Sound Of Plaid episode 2013.03.11: **Art Of Noises 100th Birthday**

Happy birthday, noise! Today on The Sound Of Plaid we celebrate the 100th birthday of Luigi Russolo's Art Of Noises manifesto, written March 11th 1913. An Italian futurist, Russolo's influential text plays a pivotal role in modern music theory and predicted our current world of mashups and sampling one century ago. During this show we hear some of his intonarumori boxes as well as the 80's band Art Of Noise, who obviously owes their existence to the manifesto both in name and style.
